

What our clients say

Izabela Szczepanska
IT & Security Lead
ICEYE

"The team quickly understood our challenges and needs, guiding us through a structured, value-driven onboarding. Their expertise and flexible approach **ensured a smooth HRIS transition**, meeting our critical timelines while focusing on what truly mattered for our business."

Markus Oeller
Co-Founder & Co-CEO
ISP Agency

"torq.people supported us in Performance Management and Tooling and took our processes and structures to a whole new level. **I can highly recommend working with them.**"

The Partner for Your HR Software Projects

Tailored services from tool selection to implementation

With experience from over 150 successfully completed HR tech projects, we support you in the evaluation, implementation, and optimization of People tools. Thanks to our combination of in-depth understanding of HR processes and technical system expertise, we can implement even complex projects quickly and effectively. With a value-oriented approach and on an equal footing, we ensure that your software is introduced successfully, on time, and within your budget – independent of tool manufacturers and always with the best solution as our goal.

We're here to help you in these areas

- HR tool health check
- Tool evaluation and selection
- HR tool implementation
- Project management
- Design workshops
- Advisory and Q&A
- Configuration
- Enablement/training
- Integration support

Interim Management

- Filling gaps in your team
- Available at short notice
- Junior positions up to C-level

Project work

- Support during peak demand periods
- Project team or individual experts
- Capacity to help you achieve your goals
