

What our clients say

Olena Lütke-Bitter
Head of Finance
gocomo

"With torq.revops' support, we rebuilt and optimized our CRM from the ground up. This enabled us to create a well-structured object architecture and clear data framework, giving us significantly more transparency and control over our revenue."

Moritz Schlageter
Managing Partner
torq.partners

"At torq.partners, we are our own best customer, proving the importance of clear sales and marketing structures for growth. Revenue Operations makes growth systematic and repeatable—that's why we founded torq.revops: to help our clients scale sustainably."

Efficient *Revenue Operations* and *CRM Excellence* – from integrations to automations

Our promise: Stability in Motion

As your partner for Revenue Operations and CRM administration, we design and optimize structures, automations, and integrations to create a seamless sales organization.

With streamlined workflows and precise reporting, we ensure full transparency – so Sales & Marketing can focus on what matters most: driving revenue.

Services

CRM implementation & optimization

Interim Revenue Operations

CRM Health Check

Integration of data and 3rd-party systems

CRM migration & rescue

Revenue dashboards & reports

Project work

We are your special task force for executing RevOps projects efficiently and taking your sales processes to the next level. Whether a dedicated project team or individual experts – we quickly provide the capacity you need to achieve your goals.

Interim management

We provide you with experienced RevOps experts for any role – from Head of RevOps to operational admins. Whether filling team gaps or compensating for limited internal capacity, we bridge the gaps while bringing new structures and efficiency to your organization.
